

The background features a network of colored dots (purple, pink, orange, yellow) connected by thin lines, creating a web-like pattern. The dots are of varying sizes and are scattered across the image, with lines connecting them in a non-linear fashion. The colors transition from purple at the top to yellow at the bottom.

The science of the Earth is perhaps the most varied of all the natural sciences. It is concerned with the origin of the planet Earth, its history, its shape, the materials forming it, and the processes that are acting and have acted on it. The searched term describes one of several related subjects commonly grouped as the Earth sciences, or geoscience. The earth scientists, specialized to this field, are concerned primarily with rocks.
