

The diagram illustrates a sequence of numbers: 8, 7, 9, 6, 2, 3, 2, followed by an equals sign and a question mark. Above each number is a colored circle. The circles are connected by lines, suggesting a flow or relationship between the numbers. The colors of the circles are: 8 (orange), 7 (purple), 9 (orange), 6 (purple), 2 (orange), 3 (purple), 2 (orange), and the question mark (yellow). The lines are thin and colored to match the circles they connect.

$$8 - 7 - 9 - 6 + 2 + 3 - 2 = ?$$
