

5-6-9-3-6+8-6=?

The image shows a sequence of numbers and operators: 5, -, 6, -, 9, -, 3, -, 6, +, 8, -, 6, =, and a question mark. The numbers and operators are in a large, black, sans-serif font. Below the sequence, there are several colored dots connected by thin lines. The dots are arranged in a horizontal line, with the first three dots (purple, dark purple, and light purple) connected by a line that curves upwards. The remaining dots (pink, orange, light orange, yellow, and light yellow) are connected by a straight line. The dots are positioned between the numbers and operators, suggesting a mapping or a sequence of operations.
